SUPER CHEXX PRO

2-4 PLAYERS | SPORTS GAME

Super Chexx Pro gameplay is fast, exciting, and realistic as the players on either side control all 5 hockey players and the goalie. The game can be played as a one on one game, or in many cases, especially for tournaments, it is played two on two. The games new Jumbo-Tron shows goals, shots on goal, period, and running time (which is operator adjustable). There is an automatic puck return system, overhead dome lighting, and if a game is tied after the normal gameplay it will automatically go into sudden-death overtime - so there's always a winner!!! Super Chexx can be found in many entertainment centres, arcades, bars, restaurants, pubs, bowling alley's, ice rinks, pool halls, and even homes worldwide!!!

USED GAMES

Through our global network, SEGA Amusements International has established a robust supply chain for previously owned games. We've assembled a highly skilled and experienced team of technicians dedicated to achieving the highest standards in machine refurbishment. This allows us to offer a diverse range of video games, simulators, redemption, and novelty machines to markets worldwide.

We understand that it is a false economy to supply our customers with anything other than the very best quality possible. Hence, every refurbished machine receives our official seal of approval. The 'SEGA Assured' stamp signifies that each machine has undergone extensive testing and has passed our rigorous assessment procedures, ensuring top-notch quality. Our commitment to excellence means customers can trust that they are getting reliable, high-quality machines that enhance their gaming offerings.

SACOA

As the world transitions towards a cashless society, more operators are embracing cashless systems. Sega Amusements International is proud to be the official distributor for Sacoa in the UK - a globally trusted leader in the cashless solution space, with over 2,400 installations worldwide.

Operators can enjoy numerous benefits by adopting the Sacoa system, including flexible pricing, live income data reporting, visitor analytics, and the elimination of common issues like coin jams and cash theft. With reduced staff overheads and many other advantages, operators have reported income increases of up to 20% after implementing the cashless solution.

Our team at Sega Amusements will customise each Sacoa system to meet your unique operational needs and manage the implementation process from conception to launch.

Sacoa also provides 24/7 technical support, along with free software upgrades and no contracts or ongoing monthly fees.

For more information on how we can help your business embrace a cashless future, contact us now.

TECHNICAL SUPPORT

SUPPORT YOU CAN RELY ON

Our support team are on hand and ready to deal with all your technical or setup enquiries. With a full range of dedicated test rigs, the SEGA technical specialists are equipped to handle diagnostics and repairs on SEGA games along with a plethora of games manufactured by ICE, Triotech, Komuse, Wahlap, LAI, plus many more.

All enquiries are handled by fully trained engineers who have the faculty to remotely walk service engineers through onsite fault finding and repairs. If a resolution cannot be achieved remotely, we can offer a `Repair & Return' service, or `Advance Replace' parts where possible. `Advance Replacement' can be offered on many computers and PCB's from a range of manufacturers.

We offer technical service you can rely on!
